

## ***COUNTERFEIT MATERIAL POLICY STATEMENT***

---

The company's Counterfeit Material Policy is based on having a secure supply chain. This policy applies to all Electrical, Electronic and Electromechanical (EEE) Parts and Materials (raw materials, hardware, fasteners, epoxies, paints, etc.) delivered to J-Squared Technologies Inc./ ESL Technology Inc., either in assemblies or as individual parts.

At J-Squared Technologies Inc./ ESL Technology Inc., we are committed to our customers to provide quality products and will procure its components from the following sources:

- Original Equipment Manufacturers (OEM) Direct
- OEM authorized distributor
- OEM authorized agent/representative

J-Squared Technologies Inc./ ESL Inc. suppliers are required to purchase from Original Component Manufacturers (OCM), OEM, or authorized distributors for such OCM/OEM, as sole and exclusive sources for all parts to be delivered to J-Squared Technologies inc./ ESL Inc.

Suppliers shall secure a Certificate of Compliance (CoC) for all parts to provide to J-Squared Technologies Inc./ ESL Inc. upon request and maintain on file as described within applicable purchase orders and in compliance with AS9100D and/or ISO9001 requirements.

DMSMS (Diminishing Manufacturing Sources and Material Shortages) may require the J-Squared MRO Division to purchase products from non-OEM suppliers on the J-Squared AVL. In this instance, the components are inspected by IPC 7711/7721 trained technicians and suspect items would be rejected.

J-Squared Technologies Inc./ ESL Inc. maintains an approved vendor list in accordance with our AS9100D/ISO9001 certified Quality Management System.
